## More Production and Less Risk

Coker, CatCracker, Sulfur (Amine, Sour Water, Claus, Tailgas)

RefComm<sup>®</sup> is the premier technical forum for project and process engineers, operators, maintenance, and other leaders to share knowledge and ideas relating to the Coker, CatCracker, Sulfur Recovery (covering Amine Treating, Sour Water Stripping, Claus Plant and Tailgas)

### Delayed Coking Unit (DCU)

We will be discussing coker safety and reliability, drum de-heading safety, operations best practices, targeting more liquid yield, DCU material balance, steam purge valves, lockout/tagout, and more.

### Fluid Catalytic Cracking (FCC)

Learn about maximizing FCC flexibility, balancing feedstock options, equipment revamps, increasing LCO without sacrificing profits, operations and troubleshooting, and reducing turnaround costs.

### Sulfur (Amine, Sour Water, Claus, Tailgas)

Government legislation around the world has imposed more stringent guidelines on sulfur recovery and emissions. Keep up on the tighter regulations and new technologies.

Our global economy is flooded with light and heavy crudes. While the low feedstock price challenges upstream, it provides profit opportunities downstream. To prosper and excel, leverage your existing assets. After a decade of successfully hosting the world's largest Delayed Coking conference, RefComm<sup>®</sup>, expanded into the Fluid Catalytic Cracking arena. The conference will continue with it's newest tracks Sulfur Recovery (covering Amine Treating, Sour Water Stripping, Claus Plant and Tailgas) for operating efficiently and meeting regulations.

If the display material has been delivered to the exhibit space but has not been assembled, the Host reserves the right to remove the material and place it in storage.

The Host assumes no responsibility for having included the name of the defaulting exhibitor or descriptions of that exhibitor's products in the Conference Booklet, the Comprehensive Contact List, news releases, or other materials.

There will be a \$500 fine to any exhibits who must take down early. Take down can begin Thursday after 6:00pm and continue through Friday until 11:00am.

## Objectionable Material and Activities

The Host reserves the right to require modification of any exhibit it deems questionable for any reason. Exhibitors may not post signs, banners or advertisements outside of their booth without written permission from the Host.

Raffles and fishbowl drawings are permitted at the exhibit. Give-aways are permitted when the item is of minimal value, available to all attendees, and not related to any type of raffle, drawing or contest. Sales and orders transacted in the exhibit area are permitted.

In the event the exhibitor damages the building, or any part thereof, he agrees to reimburse the owner of the building for the cost of repairing such damages to said building, or any part thereof, directly or indirectly.

## Force Majeure
