

COKING.COM

Maximize your virtual Breakout Session Experience

Encouraged to Contribute

Moderators keep the discussion moving

BREAKOUTS ARE FREE-FLOWING

Breakouts are free-flowing discussions focused on the general topics of Safety & Reliability, Operations & Maintenance, and Process & Troubleshooting. Made popular by the attendees at RefComm® Events and Coking.com Conferences, these sessions provide a safe space for delayed coker colleagues to discuss and share solutions to common issues occurring at their sites.

The Plan

01

THERE IS NO FORMAL PRESENTATION

02

**ALL PARTICIPANTS ARE ENCOURAGED TO
CONTRIBUTE TO THE DISCUSSION**

03

**DISCUSSIONS CENTER AROUND WHAT THE
PARTICIPANTS WANT TO DISCUSS**

04

**THE MODERATORS ARE NOT EXPERTS BUT ATTEND TO
KEEP THE DISCUSSION MOVING**

05

**TOPICS AND QUESTIONS FOR DISCUSSION SHOULD BE
SUBMITTED IN ADVANCE VIA THE PROVIDED SLIDO LINK**

The virtual breakouts will be hosted by Coking.com Inc. via ZOOM. Because spots are limited, participants must register for each session in advance. To limit background noise, please remember to keep your microphone muted unless you are active in the discussion.

These virtual discussions will not be recorded, and no notes will be published. You must attend the Breakout to receive the information.
