More Production and Less Risk

Delayed Coking, Fluid Catalytic Cracking, and Solvent Deasphalting

TRAINING

CONFERENCE

RefComm[®] is recognized as the premiere worldwide conference for Delayed Coking, Fluid Catalytic Cracking, and Solvent Deasphalting. When coping with Tier 3 regulations and leveraging existing assets with automation and the Industrial Internet of Things (IIoT), staff knowledge is easily overlooked. With operational excellence in mind, RefComm caters to the operators in your units. The week starts with 2 days of training, followed by the technical conference and 100 exhibit booths with the latest technologies. Send your crews. Get them better equipped to run efficiently and safely with **More Production and Less Risk!**

Moody Gardens Convention Center
May 11 – 15, 2020

 Monday - Tuesday

Exhibition
 Tuesday - Thursday

Conference
 Wednesday - Friday

Registration Form page 3

RefComm[®] is the premier technical forum for project and process engineers, operators, maintenance, and other leaders to share knowledge and ideas relating to the Coking, CatCracking, and Solvent Deasphalting

Delayed Coking (DCU)

Compare notes on how others are preparing for MARPOL. Sharing coker safety and reliability, operations best practices, processing non-standard feedstocks, wireless/intelligent equipment, lessons learned from startups and turnarounds.

CatCracking (FCC)

Learn about maximizing FCC flexibility, catalysts and additives, balancing feedstock options, equipment revamps, controlling emissions, operations and troubleshooting, unconventional growth with IIoT, reducing turnaround costs.

Solvent Deasphalting (SDA)

Refiners are looking for ways to increase production in their SDA units, to provide 1) high quality feedstocks and low-contaminant DAO for FCC and other cracking technologies and 2) pitch for cokers, gasifiers or fuel oil blending.

We are now seeking presenters, discussion leaders, and workgroup subject-matter-experts.

Email your abstracts and ideas to Becky Peterson:
 becky@refiningcommunity.com
 or call +1 360.966.7251

Training

Delayed Coker Fundamentals, Coker Operations, and Reliability

Mon-Tue, May 11-12 with Gary Pitman

For new and experienced workers who want to broaden their understanding of the delayed coker unit.

Coker Process, Design, and Troubleshooting

Mon-Tue, May 11-12 with Evan Hyde

This advanced course covers the design, operations and troubleshooting of the delayed coker.

Mechanical Integrity and Reliability of Coke Drums

Mon-Tue, May 11-12 with Dr. Mahmud Samman

Hone skills needed to understand coke drum mechanical and structural failure modes, manage their integrity in an efficient manner and improve reliability, performance, and safety.

FCC Process and Catalyst Fundamentals and New Technology Developments

Mon-Tue, May 11-12 with Joe McLean

No longer just a fuels producer, the FCCU is producing petrochemical feedstocks, pretreating tar sands and producing biofuels.

Training courses conducted by expert instructors using a variety of learning techniques: lecture, discussion, visuals, hands on practice, and sometimes actual equipment.

Your course pass includes lunch and coffee breaks. Attendees also receive a class manual that can serve as a valuable office reference.

Get a conference pass to join in the discussion in the Conference Halls and Exhibition.

Training Pass

Includes catered breakfasts, lunches and breaks.

	Early Before 3/20	Regular After 3/20
Delayed Coker Fundamentals, Coker Operations, and Reliability (May 11-12)	\$1,495	\$1,595
Coker Process, Design, and Troubleshooting (May 11-12)	\$1,495	\$1,595
Mechanical Integrity and Reliability of Coke Drums (May 11-12)	\$1,495	\$1,595
FCC Process and Catalyst Fundamentals and New Technology Developments (May 11-12)	\$1,495	\$1,595

Conference Pass Options

Refiner Price:

	Before 3/20	After 3/20
Fluid Catalytic Cracking, Solvent Deasphalting Pass (May 11-12)	\$970	\$1,080
Coking Pass (May 11-12 & 15)	\$1,095	\$1,195

Vendor Price:

Delayed Coking, Fluid Catalytic Cracking, Solvent Deasphalting Pass (May 11-12 & 15)	\$1,095	\$1,195

Registrant Info and Payment

Prefix _____	First Name _____	Last Name _____
Job Title _____	Company _____	
Mailing address _____	City _____	
State/Province _____	Postal code _____	Country _____
Registrant's email _____	Registrant's phone _____	
Signature _____	Date _____	
Payment amount _____	<input type="checkbox"/> Check <input type="checkbox"/> Wire Transfer <input type="checkbox"/> Mastercard <input type="checkbox"/> American Express <input type="checkbox"/> Visa	
Name on credit card _____	Card expiration date _____	
Credit card number _____	Security code _____	

Please indicate your area of interest in a percentage equaling 100%. For example DCU 70% FCC 30% DCU _____ FCC _____ SDA _____ Other _____

Payment is due prior to the start of the conference or training. Fees will be charged to your credit card at the time of registration unless other arrangements have been made. Make checks payable to "Coking.com Inc".

Refund Policy

Fees are fully refundable until April 20, 2020 (three weeks before the event), after which a \$200 USD fee will be charged for cancellations. Registering for this training course prior to April 20, 2019 will help maximize the probability that the course will proceed as planned. Cancellations after May 4, 2020 (1 week before class until 24 hours before class) are charged a 50% fee. All other cancellations and no-shows are non-refundable. Substitutions are allowed. Submit all cancellations and transfers in writing, by email or by fax.

The initial purpose of collecting your contact data is to inform you of details relevant to your participation at RefComm®. We will also use the data to notify you of other conferences, tradeshow, training and consulting services.

Registration Form

Early registration ends
March 20
