

# REFCOMM<sup>®</sup>

## GDANSK 2021

RefComm is the premier technical forum for project and process engineers, operators, maintenance, and other leaders to share knowledge and ideas relating to Delayed Coking.

**REFCOMM<sup>®</sup>**  
part of the **CRU** group

### Delayed Coking Unit (DCU)

We will be discussing coker safety and reliability, drum de-heading safety, operations best practices, targeting more liquid yield, DCU material balance, steam purge valves, lockout/tagout, feed, decoking, and more.

## Training

### Delayed Coker Fundamentals, Coker Operations, and Reliability

**Mon-Tue, 2021** with Gary Pitman

For new and experienced workers who want to broaden their understanding of the delayed coker unit.

### Coker Process, Design, and Troubleshooting

**Mon-Tue, 2021** with Evan Hyde

This two-day course delves deeper into the delayed coker from a process, design, and troubleshooting perspective.

**Training courses** conducted by expert instructors using a variety of learning techniques: lecture, discussion, visuals, hands on practice, and sometimes actual equipment.

Your course pass includes lunch and coffee breaks. Attendees also receive a class manual that can serve as a valuable office reference.

Get a conference pass to join in the discussion in the Conference Halls and Exhibition.

With the volatile crude oil environment, you need to leverage technology to achieve success.

Examine case studies, network informally to build relationships, share lessons learned, evaluate strategies and explore innovations. Increasing your knowledge will spark your productivity and enhance your competitive advantage.
